Yesterday was a momentous day.

For starters, [Intrepid English](#) turned 10 years old!

And I got to realise a dream I've had for a long time; to teach at a university.

Since arriving in Saudi, it's been a whirlwind. I've learned more in the last few days than in the prior six months.

Thanks to Corina Goetz 🍷, whose Middle East Hub courses and masterclasses were the perfect preparation for my Trip. They're packed full of essential knowledge for navigating the Middle East. I highly recommend for anyone planning to travel to the region.
